

Petrina North	Co-opted Governor
Term of Office	01/11/2016 – 31/10/2020
Meetings Attended This School Year	

I run a Wirral based Education Leadership consultancy, which was established after a successful career in teaching. My work with leadership teams and governors involves keeping up to date with the changing educational landscape, ensuring that statutory policy and responsibilities are understood and implemented efficiently, developing robust improvement mechanisms and building positive and effective working relationships between all school leaders.

I have over 25 years' experience working in the Education sector with 12 years as a Head and Executive Headteacher.

Key contributions to the governing body come from a desire to ensure that young people remain the focus for our decision making and improvement planning.
